French Line from Verdun to Alsace.**

By Associated Press.
PARIS, May 20.—Switzerland is preparing to resist with all the forces at her command any invasion of her territory by troops of the belligerents, according to an interview with President Camille DeCoppet.

President DeCoppet was asked specifically what would be the action of Switzerland if troops of one of the warring powers should be sent across the Foretary salient. He replied: "The federal council would never tolerate such a proceeding and in accordance with the plan of General Ulrich Wille, the commander-in-chief of our army, would order the immediate mobilization of all our forces which would immediately be sent into action."

"The Swiss army is in splendid condition. It has reached a perfection of training which has been hitherto unknown and has just received a complete equipment of new heavy artillery which was manufactured in France and Germany by order of the government."

The Foretary salient juts into France immediately south of Alsace. The town of Foretary is about 20 miles south of the Great French fortress of Belfort. If German troops were able to cross the salient, they could strike at the communication of the whole French line from Verdun to Alsace.

GERMAN AVIATORS ACTIVE.

PARIS, May 20.—German troops took the offensive along the Yser canal between Steenstraete and Hattas last night, the war office announced today. An attempt to cross the canal failed. The Germans also attacked in the Champagne.

The war office announcement says that an airplane was used but that the assault was repulsed.

Dunkirk was bombarded by German aeroplanes. One woman was killed and 27 persons were wounded.

The town of Bergues near Dunkirk was also bombarded. Five persons were killed and 11 wounded. In retaliation for these attacks French and Belgian aeroplanes dropped bombs on German camps. On the Verdun front there were no important developments. French positions at Avoncourt and at Dend Man Hill were bombarded violently.

CONSERVING DAYLIGHT**Hands on All British Clocks Pushed
Forward an Hour.**

By Associated Press.
LONDON, May 20.—The hands on all British railroads, postoffices, newspaper offices, police stations and other places where business is conducted throughout the night will be pushed forward at 2 o'clock tomorrow morning to 3 o'clock, in accordance with the Daylight Saving Act. The general public will put their clocks and watches one hour ahead before going to bed tonight and will wake to find themselves late for breakfast.

The new schedule will run until September 30 when clocks will be stopped for an hour. Factories, banks, stores, trains, theatres and restaurants will all conform to the new time schedule. There is a small odd fashioned section of the people who have decided the daylight savings scheme but they will be practically forced into line by its acceptance in all public institutions. The only exception will be the parks in the large cities which will be open an hour later to allow people the benefit of more fresh air.

Special to The Courier.
UNIONTOWN, May 20.—Senator William E. Crow is expected to be re-elected state chairman of the Republican party when the state committee meets in Harrisburg to organize May 21. There is no opposition developed to the re-election of Senator Crow, and throughout the state among all factions of the party there is a demand that he retain the chairmanship. It is likely that W. Harry Baker of Harrisburg, will be re-elected secretary of the party. Both Senator Crow and Mr. Baker have done much for party harmony in the state, and it is believed by the Republicans in every county that with Senator Crow at the helm Pennsylvania this fall will give a handsome majority for the Republican nominee for President to be selected at the Chicago convention early next month.

George P. Sterling, it is said, has ambitions to succeed Roland S. Morris of Philadelphia, as chairman of the Democratic party. It is declared that Morris will not be a candidate for re-election, and Western Pennsylvania leaders will support either Sterling or Joseph P. Guffey of Pittsburgh. The Democratic state committee will also meet for organization in Harrisburg May 21.

The Republican state committee in Fayette county are Senator Crow and Harmon M. Kephart. The Democratic committee men are Harry N. Boyd and A. O. Bixler.

**ERROR OF \$471,792 MADE
IN ADDING ASSESSMENTS**

Through an error in addition upon the part of City Clerk A. O. Bixler, Superintendent of Accounts J. L. West, a discrepancy of almost half a million dollars was made in totaling the 1916 assessment figures. The total upon which council based its levy of 10 mills was \$7,323,635 while the correct addition shows it to be \$3,851,833. The actual valuation, therefore, is \$471,792 less than the city officials had figured it out to be. On the basis of a 10 mill tax this will deprive the city of about \$471,792 in revenue unless council does something to rectify the mistake.

The mistake was made in totaling the valuation of the First Ward. The error was discovered some time afterwards by the city officials but nothing was done.

The police are looking for the owner of an automobile whose license number is 135992. Patrolman Ruller reported to Chief of Police Rottler this morning that the machine approached Rutledge Corner from North Pittsburgh street without giving a signal or stopping. A wagon was ahead of the automobile and the machine cut around it near the corner.

The machine narrowly missed running down Jerry Blackburn who was only saved when a man standing near by pulled him out of danger. If the owner of the machine does not appear at the city hall a warrant will be made out for him. Ruller says the machine was a Ford roadster.

Meeting May Be Held Next Week.**

A few members of the Connellsville Automobile Club held a meeting in the reception room of Stader's undertaking establishment last evening and talked over things that should be done on Good Roads Day, which is held throughout the state next Thursday, May 25. The attendance was so small that unless another meeting is held the first part of next week and more enthusiasm shown there may be no Good Roads activity in this section Thursday.

One thing that seemed fixed in the minds of the members of the club who did hold the short session was that the street of the city should be given attention instead of those out in the country. The supervisors of the surrounding township, it has been reported to the club, are doing "one work in getting the roads under their care into good shape, and soon there will be one complete stretch of paved or concrete road from here to Uniontown. The road running from Dunbar to Connellsville is also being improved.

The dirt roads in the city get little or no attention at all, one member of the club claimed. Morrell avenue beyond where it is paved, and Blackstone lane are both in bad shape.

It was decided that if any further move to get the Good Roads movement started in the local club was taken all work would be done on the streets in the city. With the city scraper and a roller it is figured that the dirt roads of the city could be put into first class condition. The streets in the north and of the city needing attention are Gibson and York avenues. South Side streets are also numbered among those dirt roads that get no attention. Club members say that the delay in getting to work on the roads in the spring is what causes them to get so bad later in the season.

After the Good Roads movement had been discussed, the club watched Stader's gold fish swimming around in the tank and talked about the Wild Life League. A few more sportsmen had been present at a Wild Life League meeting could have been held also.

Members of Company D who served during the period it was mobilized at the army awaiting orders for strike duty, were paid today by Captain J. C. Horvick. Captain Horvick did not expect to pay the men before tomorrow but the checks arrived earlier than was anticipated. The out of town men are the only ones who have not been paid.

If cost the state \$712.97 to mobilize Company D and keep it together for one week. The pay for 48 men and three officers amounted to \$712.97 alone. The cost of rations was \$124.87 and \$16.90 was spent in getting the men together.

The pay for the hospital corps has not yet been received. They do not receive pay until after the company men have gotten their checks.

OSTEOPATHS, May 20.—That candy-eating led to a form of alcoholism, and that there is such a thing as becoming drunk on candy, was the claim made today by D. Charles Mithrath of Philadelphia at the seventeenth annual convention of the Pennsylvania Osteopathic Association. Dr. Mithrath described the process that goes on in the stomach after sugar is eaten as the same process that is carried out in a distillery. A generous helping of maple syrup on the morning or afternoon of the morning of candy-eating is sufficient basis for the business man, he said.

**UNION ORGANIZER ADMITS HE

Hearing Is Adjourned.**

UNIONTOWN, May 20.—The argument on the injunction applied for by the West Penn Railway Company to restrain the Amalgamated Association of Street and Electric Railway Employees and J. J. Thorpe, its president, from interfering with West Penn men while on duty was adjourned until next Tuesday afternoon after a short hearing before Judge Report this morning.

A motion by H. L. Robinson, attorney for the time, to quash the proceedings on the ground that the West Penn bill indulged in too many generalizations and did not state sufficient specific instances, was held under advisement by the court. The argument on this motion took up much of the time of the hearing.

Daniel Durie, superintendent of transportation for the company, said Mr. Thorpe were the only witnesses called. Mr. Durie testified as to the employing of men, telling of the qualifications and the necessity that their hands should always be upon their work.

Mr. Thorpe admitted that he had distributed circulars to West Penn employees while they were on and off duty. He said that members of the Central Trades and Labor Union had first started the distribution. Thorpe also said that he came here to organize the West Penn men at the request of the men, not of his own accord. He admitted having tried to organize them last November. He admitted having approached James Taggart, a West Penn man, while the latter was on duty. He said he had employed Tom Smith, a former West Penn man, to distribute literature and gave him \$25.

LIFE SAVING SCOUTS**Movement to Keep Boys On Street Is

A Life Saving Scouts movement in this city has been started by Captain I. N. Phelps of the Salvation Army. The scouts are not Boy Scouts, although the organization is somewhat along the same lines. There are already 15 boys in the organization, of which Captain Phelps is Scoutmaster. After the movement is well started and enough boys are secured troops and troop leaders will be named later on the troops will be untitled.

This morning Captain Phelps and his 15 boys took a hike into the mountains east of the city near Breakneck. They took their lunches along and spent the entire day in the woods.

**SCHOOL TAX LEVY
WILL BE EITHER
15 OR 20 MILLS****Depends Upon Whether City
or County Valuation Is
Decided Upon.****BUDGET CALLS FOR \$85,103****State Appropriation of \$10,000, How-
ever, Cuts Down the Amount to Be
Raised by Taxation to \$75,103; In-
terest and Sinking Funds Large.**

The school tax rate this year will be either 15 or 20 mills, according to which valuation it is levied on. If the city assessment of \$8,851,843 is used the levy will be 15 mills but if the county valuation of \$5,127,381 is decided upon the millage will be 20 mills. The Clark third class city act and the Pennsylvania school code are in direct conflict as to which valuation the millage shall be based on and school board was unable to come to a decision last night.

The millage for general school maintenance is raised two mills over last year. Inasmuch as the board was unable to meet all expenses last year with 15 mills, levy and had to issue \$30,000 in bonds, this is really not an increase. It will take 2 1/2 extra mills for interest and sinking fund on the new school building bonds and the remainder of the millage will go for general school purposes and building funds.

The budget calls for expenditure of \$85,103 during the year. Subtracting the \$10,000 state appropriation this leaves \$75,103 to be raised by taxation. It will be necessary to raise \$75,103 for general purposes, \$12,185 for the interest and redemption of outstanding bonds and \$19,245 for interest and sinking fund on the new bond issue of \$250,000. On the city valuation the millage would be divided in the proportion of 1 1/2, 1/2 and 2/3 for these three funds but under the county assessments the millage would be proportionately higher of 1 1/2, 2 and 3/2. Taxes would run the same no matter which valuation is used.

The budget includes the following items:
Teachers' salaries, \$57,000.00; text books, \$3,000.00; school supplies, \$2,700.00; building supplies, \$200.00; repairs, \$1,750.00; improvements, \$1,000.00; janitors' salary, \$7,250.00; fuel, light and water, \$3,300.00; Carnegie library, \$3,000.00; taxes, \$2,500.00; other salaries, \$2,000.00; sundries, \$3,000.00; total, \$85,103.00; less state appropriation, \$10,000.00; total, \$75,103.

**BOARD ACCEPTS THE PLANS
FOR WEST SIDE GRADE SCHOOL**

Plans for the new \$50,000 West Side grade school were submitted to the board last night by Architect Harry Allman of Uniontown and it was decided to advertise for bids immediately. They are to be returned on Monday, June 5, at 2 P. M. There will be one general contract for the erection of the building and three separate contracts for plumbing, lighting and heating. A building of the same general specifications was built at Harrison last year for \$43,000 but building supplies have increased greatly since that time.

The building is to contain 12 rooms, combination gymnasium and auditorium, office room, supply room and a library room in which will be located a branch of the Carnegie library. It will be of fireproof construction throughout. The lower floor will be of tile and the upper floor of concrete. The stairs will be of iron safety tread. It will be trimmed in oak. The exterior will be of dark red brick with terra cotta ornamentations.

Architect Allman read a long list of specifications, all of which were approved by the board except that for the floor boards. It has not been decided whether to use maple or yellow pine.

ONE MAN ESCAPES**Andy Grace Does Not Relish Working
Upon the Streets.**

The first prisoner to escape from the chain gangs that have been working on the city streets was Andy Grace who took French leave yesterday while the officer in charge was getting a drink of water. None of the others followed in Andy's footsteps, however.

Grace was sentenced to two days' work on the streets but that was too big a job for him. When he is apprehended, however, he will get 30 days at hard labor. The chain gang this morning consisted of fifteen men. Thirteen were left over from yesterday and two were added this morning.

The job at the east end of the city limits is about completed. As soon as it is finished up the prisoners will be put on the streets in other sections of the city.

One item of expense that has been running up is the cost of meals. The restaurant supplying the prisoners charges 35 cents for each meal, making 75 cents a day for every man. There have been on an average of 18 men working this week and the food bill is quite high.

**WILL NAME SEVENTH STREET
SCHOOL FOR COL. CRAWFORD****Distinguished Pioneer Will Be Honored
by School Board; His Spring
Not Far Away.**

Further honor to Colonel William Crawford will be accorded by the Connellsville school board in naming the new seventh street grade building "The Crawford School." This was suggested last night by Director R. K. Long who stated that Colonel Crawford's spring was but a short distance away and that it would be a fine tribute to his memory to christen the new school with his name.

Architect Allman inquired of the board if they had selected a name for the structure. The name "Crawford" was immediately suggested and the board does not want the trolley company to cross its yard which are to be constructed on Herd bottom where the trolley viaduct now crosses the valley. To get away from this they urge that a bridge be built across the river at Greene Junction and then continue north through South Connellsville. This would cut off five minutes from the running time. It would also cut Wheeler, Morrell and the West Side of the main line of the road.

When the Western Maryland tracks are laid there will be between 20 and 25 of them running back from Fayette towards Dunbar. In order to get over these tracks the West Penn company would have to extend the present trestle at Fayette to the hill beyond.

In 1907 when the West Penn figured on express trains from Uniontown to Greensburg, Charles Fife, who was superintendent at that time had this plan in mind. His plan was to go out south on Pittsburgh street, but it is reported now that the West Penn company is considering taking Arch street for the route south. A high trestle across the river would be necessary as the line would have to cross the Western Maryland tracks on the western side. After getting to that side of the river the cars would follow the hill until Dunbar was reached.

No official announcement has been made by the West Penn company yet but it will probably follow close on the acceptance of the lands by the railroad company, unless the trolley people decide to extend the present trestle at Fayette.

It is also probable that the West Penn company will build some kind of a bridge across the Yough at Greene Junction for the use of employees. At present many of the men working at the power house who live in South Connellsville cross the river on the Baltimore & Ohio railroad bridge, used by trains of the Shenandoah branch. A watchman will be placed on that bridge by the railroad and no more trespassing allowed. To save the men at the power station the long roundabout travel on street cars from Fayette, it is likely that the company will make some kind of arrangements to have its employees cross the river at the power house.

SOCIAL and PERSONAL

A red and white color scheme prevailed at the first annual banquet of the Epworth League of the First Methodist Episcopal church held last evening at 8 o'clock in the Sunday school room. The banquet was in honor of the League anniversary and the closing of a successful contest in which the Tribe of Reuben was the winner. Members of this Tribe were honor guests. An elaborate chicken dinner was served by the O. C. U. Class, and was perfect in all details. Orders for sixty-four were laid. Pen-pants, snow balls and red carnations were used in carrying out the attractive decorations. Miss Birdella Miller was toastmistress. Mrs. James Russell Enckle gave a toast to the Tribe of Reuben. Mrs. James Cowart rendered a piano solo and eight young women sang a purely original song. The banquet was a great success in every way and was one of the most enjoyable social functions given by the League for some time. Miss Fannie Smith of Scottsdale was an out of town guest.

Mothers Day will be observed tomorrow morning at the Trinity Lutheran church. The mothers of the church are invited to attend Sunday school with their children, as well as the special services which will be held at 11 o'clock. Mothers who desire transportation to and from the church can secure it by applying to the pastor, Rev. L. B. Burgess, or any member of the committee on arrangements.

The annual reception of the Woman's Culture Club will be held Tuesday afternoon at the Colonial Inn, South Pittsburgh street. Miss John Semler of Latrobe, Pa., will be the principal entertainer of the afternoon. The reception will be in charge of the social committee composed of Mrs. J. A. Lyon, Mrs. Charles Stoffer, Miss Lena Kutz, Mrs. W. A. Bishop and Mrs. S. S. Snider.

The Christian Endeavor Society of the Methodist Protestant church will hold a benefit entertainment, Tuesday evening in the church. The committee is composed of Miss Mercedes Gladden, Miss Mary Pickhill and Mrs. S. T. Benford.

A meeting of the Connellsville Chapter of the Daughters of American Revolution is being held this afternoon at the Armory for the purpose of effecting an organization.

The Entre Nous Class of the Methodist Episcopal church of Vanderbilt was entertained last evening by Miss Carrie Dill at the home of Miss Carrie Anna Butler at Vanderbilt. A business meeting was held and later in the evening a delightful refreshment were served.

Eight members of the C. L. Girls Club were pleasantly entertained last evening by Miss Ella Mae Graft at her home. This evening was spent at fancy work followed by dancing refreshments. Miss Marie Jamieson will entertain the club Friday evening, June 2, at her home in South Connellsville.

A successful dance was held last evening at the Parochial school auditorium under the auspices of the congregation of the Immaculate Conception church. Music was furnished by Kiefer's orchestra and refreshments were served throughout the evening. Dancing was indulged in until midnight. Out of town guests were Miss Anna Elford of Pittsburgh and Fred Meitzer of Altoona.

The Teacher's Training class of the Trinity Reformed church will meet Thursday evening at 7 o'clock in the church.

The West Penn Quartet will give a concert this evening at the Mount Olivet church for the benefit of the Sunday school.

A successful experience social was held last evening at the home of Miss Helen Norris in South Pittsburgh street by the Christian Endeavor Society. Each member brought a dollar and in a verse of poetry told how it was earned. Refreshments were served and a very pleasant evening was spent.

SEVEN BOYS ARRESTED

West Side Youths Are Charged With Disorderly Conduct.

Seven boys, John Keating, Robert Hooper, Joe DePaul, James Domick, Jess Spratten, Humbert Domick and Howard Skiles, were given hearings before Mayor Marletta this morning charged with disorderly conduct. They were arrested by Chief of Police B. Rottler. All are about 15 years old. The boys are charged with breaking law windows at the Seventh street school building recently purchased by Rev. Henry DeVivo, pastor of the St. Rita's Roman Catholic church on the West Side, and also with entering the building and doing more damage.

The mayor fined them all \$1 and warrants have been issued for four more who were among those in the building. These will also be arrested and given hearings. Those who appeared this morning were given until 7 o'clock this evening to pay their fines.

NEGRO PRISONER ESCAPES

Breaks Grip of Patrolman Francis and Outruns Officer.

A negro arrested last evening by Patrolman George Francis for stealing some peanuts showed light when he neared the City Hall and after a struggle escaped from the patrolman. Francis took his man as far as Arch street and then he balked.

Bystanders say he struck at Francis who hit him on the head with his baton. The blow did not even make the negro, who gave another jerk and ran. Francis took good aim and threw his club at the man, hitting him square in the back with the end of it, but it only served to quicken the other's speed. The negro was not caught.

INCREASE AT DUNBAR

Employees of American Manganese Co. Receive Raise.

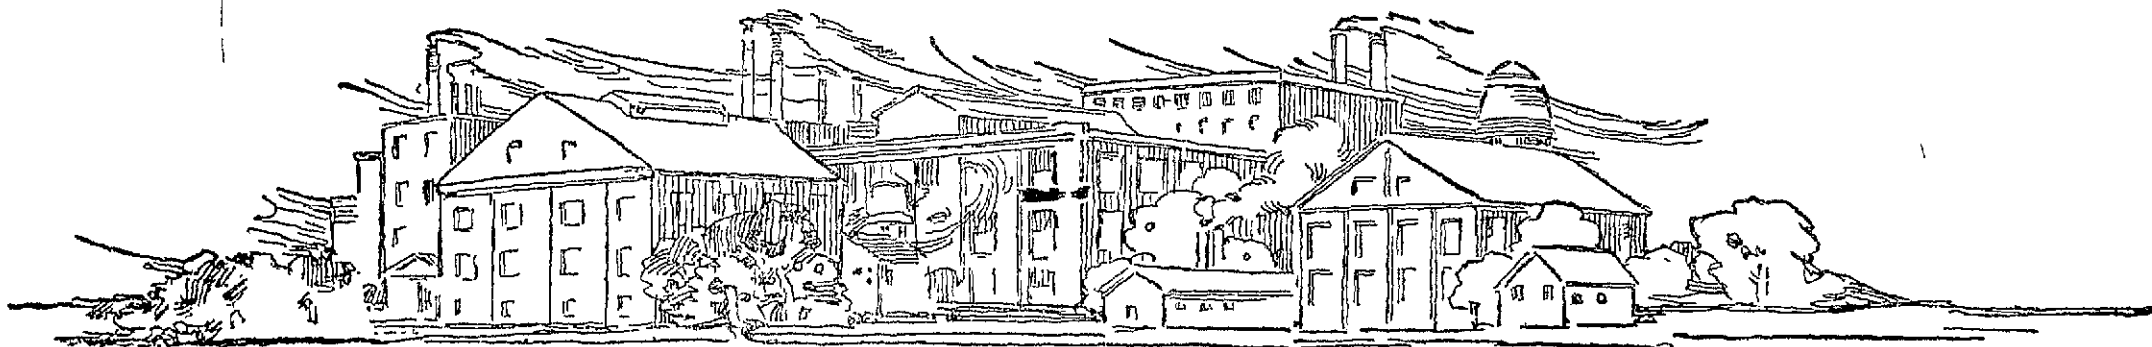

The American Manganese & Manufacturing Company made announcement yesterday of an advance in the wages of their employees, to become effective June 1. The increase will be 20 cents per day, raising ordinary labor to \$2.15.

About 500 men will be affected, the advance including the employees at the furnace, by-product coke, sand, glass and electric plants.

INTEGRITY—and the House —behind the Tire

THE greatest Word in the whole Lexicon of Commerce is NOT "Service!"

It is "INTEGRITY!"

Because, that term embodies Good-faith,—Dependability,—the Intention to play fair, at any cost, as well as good Service.

Its essence, so far as business is concerned, consists in living-up to the last letter of that Americanism,—"The Square Deal."

It demands from its practitioners not only a due respect for the Rights of Others (whether they be strong enough to enforce these Rights, or weak enough to be at the mercy of the strong) but goes further.

It implies a charitable attitude toward those well-meaning persons who see "Rainbows," and who cannot live up to promises they really intended to keep.

An old-fashioned Virtue is this "Business Integrity,"—sometimes crowded close to the Wall by that modern idolatry called "Business-Expediency."

But,—there being something MORE than Money, worth striving for, in Business-Expansion, (as well as Money) this old-fashioned Virtue lives on, thrives and flourishes, in many quarters, like the Folk-Songs of a Nation that never die.

May we here pay tribute to "BUSINESS-INTEGRITY," wherever it abides, and,—with all due modesty—CLAIM it as the Watch-word which has ruled Goodrich Activities over 47 years of Rubber Manufacturing, Selling, and DELIVERING?

"BUT,—does this Policy of Business-Integrity pay, in Dollars and Cents?" the Cynic may inquire.

From even that cold-blooded standpoint we may answer (to the growing youth of this country) YES!—it HAS paid even in material Success.

—Witness the Goodrich growth from a very small "Acorn," indeed, to the 90 Square ACRES of Floor Space in the largest Rubber Factory of the World,—at Akron,—requiring 15 Square ACRES of Window-Glass alone to light these Goodrich Factory buildings.

—Witness the Tire Output of 1915 which, if the Tires were placed flat on the ground in a row, would reach more than 1,400 Miles,—from New York City to Omaha,—although Tires are only one of the 267 lines of Rubber Goods made by Goodrich.

—Witness the present Staff of 18,147 People, who produce the 120,000,000 pounds of Rubber Goods, manufactured, marketed, and shipped, during the year, by Freight, from this Goodrich Factory, in addition to the 10,000,000 pounds manufactured and shipped by Express, from same Factory during same period.

Contrast this Goodrich Rubber Goods Output, with the total Imports of Crude Rubber into the entire United States, during 1915,—viz.—172,068,428 pounds,—and the total WORLD Consumption of Crude-Rubber for same year,—viz.—142,000 Tons, or 284,000,000 pounds!

Then, who shall question that the Goodrich Watch-word and Policy, of "INTEGRITY FIRST," pays, even in material Results.

—This, exclusive of the Good-will, Prestige, and Public Confidence that flows from 47 years consistent practice of such a Policy, which may well be worth as much more, in personal satisfaction, to each Goodrich Stockholder, each enthusiastic Officer, and each loyal Employee of the B. F. Goodrich Co.

But, "How does this Concern YOU, the Consumer?"—you now ask.

It concerns you, first of all, as a proof that Square-dealing, Straight-thinking,—and Business-Integrity PAYS,—even in Coin of the Realm.

It concerns each Parent,—and the Son and Daughter of each Parent,—as a vivid demonstration of the fact that the modern god of "Expediency," is a false god,—and that all the brilliant feats, and dexterous manipulation of facts, which pass current as "Expediency," are needless, for permanent Success.

It concerns the Consumer of, or the Dealer in, Rubber Goods because he knows that, in dealing with a House of Integrity he can TRUST the Statements, the Products and Trade-Marks, of such a House, implicitly,—can save Time and Trouble and can abandon that costly and unpleasant Watchfulness which is necessarily involved in buying anything under the old Law of Caveat Emptor, (let the Buyer beware).

WHEN, therefore, the largest Rubber Factory in the World (with a 47 year Experience in Rubber-Working) and 47 years of Business-Integrity, Good-faith demonstration, and Square-dealing, TELLS you that Money can't buy BETTER Fabric Tires, at any price than Goodrich Fabric Tires at their very moderate "Fair List" price,—you can well AFFORD to believe it.

When they tell you that nothing but Business Integrity presents their charging you prices as high as those charged for other Makes of Tires, of no better quality, you can rely upon this:—

The difference in price is then a REAL Saving.

It is the Cash Value, to you, of dealing with a House which has made "Integrity" its Watch-word through 47 years of Rubber Manufacturing and Selling, and which has never yet sacrificed Principle to Profit, nor Good-faith to Expediency.

Then accept this SAVING which Goodrich Integrity brings to you every time you buy the best Fabric Tires in America, at the following "Fair List" prices:

Goodrich "Fair-List" Prices

BLACK "BAREFOOT" SAFETY-TREADS

30 x 3	Ford Sizes	\$10.40
30 x 3½		\$13.40
32 x 3½		\$15.45
33 x 4		\$22.00
34 x 4		\$22.40
36 x 4½		\$31.60
37 x 5		\$37.35
38 x 5½		\$50.60

Goodrich "Barefoot" Tires

LIGHT in weight, and close grained,—because relatively free from inert substances or "fillers," that give excess Weight to Rubber, at the expense of Liveliness, Springiness and Endurance, Goodrich Safety-tread Tires, of black "Barefoot" Rubber, are therefore Lively, Springy, Clingy, and Long-lived.

Through their high Pneumatic quality, they give "Pep" to Car-Ac-tion, while stretching out Mileage, per Dollar invested, in a way that sets Users thinking.

More than 200 different Makes and Brands of Auto Tires were made and sold in U. S. A. last year, 1915, to the total extent of about 12,000,000 Automobile Tires.

Of that 12,000,000 total Tires, the B. F. Goodrich Co. made and sold one-fourth.

Yet,—Tires are only one of the 267 different lines made by the Goodrich Rubber Factory.

This indicates why Goodrich Best-in-the-Market Fabric Tires can be, and are, sold to Consumers (via Dealers) at the lowest price in America per delivered Mile of Performance.

Compare price-list on left column and see!

Goodrich Truck Tires

REPLACEMENTS of other Makes of Truck Tires with Goodrich Truck Tires during last four years were as follows:—

1912 Change-overs to Goodrich	3,590
1913 " " " "	6,357
1914 " " " "	10,725
1915 " " " "	14,000

These Change-overs to Goodrich tell their own story to the thinking Truck Owner.

Goodrich Bicycle Tires

HERE, in America, the B. F. Goodrich Co. was the first and largest Maker of Pneumatic Bicycle Tires, developing, among other types, the famous "Thread-Fabric" Tire called the Palmer Bicycle Tire.

"Integrity" of Construction, and Square-Deal in Treatment of Consumers and Dealers, results in our holding this largest business in America on Bicycle Tires, as well as on Truck Tires,—and Automobile Tires.

OIL DRILLING PROVES FUTILE

Phillips Gas & Oil Company Which
Had Been Drilling Near Scottdale
Ships Derelicts Away Without Find-
ing Any Gas; Good Roads Meeting.

Special to The Courier.
SCOTSDALE, May 20.—The Evan-
gelical Church was packed last evening
for the medal contest conducted
by the ladies of the Women's Christian
Temperance Union. The medal
was awarded to Miss Ruth Randolph
by the judges, Mrs. R. F. Grantham,
Mrs. W. W. Elcher and Maucha
Lowry. Each of the other contestants
were given a year's subscription to
"The Crusader," the children's W. C.
T. U. paper. Miss Lucy A. Poole
presented the medal.

Those who contested were: S. B.
Reed, Jr., who recited "Uncle Sam
and the Saloonkeeper"; Mildred Kes-
lar who gave "Tapa's Vote"; Herbert
Morrison who recited "You Conquer
Me, Me Conquer You"; Mabel Crote
Reynolds, "He Never Blamed the
Booze"; Ruth Reynolds, "The Two
Glasses"; Albert Strickler, "The Call
of the Country"; Chaety Calhoun,
"Queries." The others who took part
were Mary Leitzell and William Mc-
Dowell who sang a duet, "Where Are
You Going My Pretty Maid"; Grace
Jarrett and Mildred Brooks who sang
a duet; Anna Doll Browning and C.
W. Stauffer, Jr., who sang "Billy
Boy"; Evelyn Prentice who sang

"The Cruel War"; Elizabeth Hatten-
field and Albert Fahr who sang a duet,
"Reuben and Michael Up-to-Date";
Pearl Prentice who sang "Little
Goody Two Shoes"; Richard Stauffer
who gave a violin solo; Mildred Fre-
eman who sang "My Grandmother's
Advice"; Grace Leitzell who sang
"We'll Turn Down Our Glasses"; and
James Collins who sang a solo. Each
piece was recited very well and the
audience was exceptionally good.

STOP GAS DRILLING.
The Phillips Gas & Oil Company,
whose men had been drilling near
Scottdale for gas and oil, yesterday
shipped their derelicts away without
finding any valuable wells.

DISCUSS GOOD ROADS.
The men in Scottdale interested in
good roads held a meeting at the Y.
M. C. A. and the matter of working on
good roads day was brought before
them, but it was not very enthusias-
tically received as most men who had
the time to work on the roads last
year are extremely busy with their
business this year and can't leave to
work the day on the roads. Better
roads were discussed and the road
that leads past the cemetery was re-
ported to be in bad condition and
must be used on account of the other
road being closed so that it can be
paved. It was decided to ask the
superior to look after this road
and make it in passable condition.
When it has rained the mud on this
road is to the hub of a buggy making
it almost impossible to get through.

ATTEND BANQUET.
Among those persons from around
Scottdale who have been employed
with the Pennsylvania railroad com-
pany for 21 years or more and who
attended the Pittsburgh banquet at the
Fort Pitt were Robert Gove, John
Zgorzecki, Bart Mumaw, Con Cheun,
William Nolan, William Cox, George
Wice, M. Matthias, Sam Longenecker,
Frank Browning, J. K. Hudson, Ed-
ward Blair, Toward Hamilton, Robert
Bekley, W. L. Randel of Mount Pleasant
accompanied them.

KOBACKER'S

"THE BIG STORE"
ON PITTSBURGH ST.

\$15,000,000

IS BEING SPENT at CLAIRTON, PA.

Do you know what a by-product Coke Oven is? You ought to know, since the Great War started, because there's been a lot said about saving the by-products. A by-product plant saves the smoke and the tar and converts them into chemical necessities. Tolouil, benzol, dyestuffs, perfumes, etc., are all manufactured from these substances which heretofore we have thrown away. They all come from wasted smoke "the incense of prosperity" as we have more or less boastfully called it.

You know now how badly we need these chemicals. You know now that the waste of yesterday is the wealth of tomorrow. It follows then that the plant which produces these things, which saves them—as well as that sterling product—coke is a profitable plant and the town in which that plant is located, of necessity is a prosperous town. It means a clean place to live because we save the smoke. It means a high class of men, chemists, research men, scientific men as well as a tremendous list of the rank and file and it means continued prosperity.

HERE IS YOUR CHANCE TO GET IN ON THE PROSPERITY. BUY CLAIRTON REAL ESTATE.

We have it—right in the heart of the town—not in an undeveloped spot plotted only for the exploitation of the boomer. You can buy it cheaply in this living town, 20 miles from Pittsburgh where there is at this minute splendid train service, trolley lines, schools, churches, fine homes, banks, paved streets, adequate sewer systems and a busy flourishing community. And you can't buy it under like conditions and with such a sure future in any other place in the great Metropolitan zone of Pittsburgh.

An army of workers will be needed. We need house builders right now to provide for the needs of the increasing population and we can make them an attractive proposition to help carry them along. Five thousand people live there today and the factories and industries are humming along every day and yet, right now, today, you can buy a business property at less than \$100 a foot front and a town lot for as little as \$55. On a paved street, \$625 will buy a 40-foot lot and you can pay for it with 10 per cent. down and easy monthly payments—out of your savings—thereafter.

Clairton is Aroused. Clairton People are Buying Lots

Mr. H. R. Worthington, who is carrying through the project and is in entire personal charge of the sales frankly says that in a long real estate selling career he has never offered a better proposition.

WRITE TODAY and we will send you maps and descriptive matter that will open your eyes and then one of our men will call. We'll come to see you and take you out to see the chance of your life.

GREAT RACE FOR COURIER PRIZES CLOSED PROMPTLY AT 12 O'CLOCK TODAY

Judges Took Charge of Ballot at Once; Several Hours Will be Required to Determine the Winners in the Exciting Struggle; Announcement Will be Made Soon.

At noon today The Courier's Great Voting Contest was formally closed by the four representative business men of the city, named in the foregoing, who had consented to act as judges of the finish. The ballot box rested in a conspicuous place in the contest office of The Courier this morning, and subscriptions and votes were deposited therein up to the closing hour. Contestants were warned, however, to come in good time, as no credit could be given for either votes or subscriptions that were not received before the ballot box was sealed.

As has been often stated in the past few days, out-of-town contestants must mail their subscriptions in time to reach this office before the closing hour of the contest. This did not mean they could mail subscriptions and votes up until the last hour of

The following named gentlemen have been selected to act as Judges of The Courier Contest: Charles A. Crowley, of Crowley-McIntosh Shoe Company; M. B. Pryce, of Pryce Printing Company; Julius Elkes, advertising manager of Kobacker's Department Store; Harry Dunn, of the E. Dunn Store.

the contest as has been allowed them at the closing of extra vote offers. It was plainly stated that all subscriptions and votes must be in this office before the closing hour of the contest.

Immediately upon the stroke of 12 the ballot box was sealed by the judges. The judges assembled, opened the box and commenced checking up its contents, after which the auditors began the task of tabulating the thousands of certificates. This work is being done with the aid of an adding machine in such way as to preclude the possibility of the slightest error.

At least three or four hours will be required before it will be possible to determine the winners in the most exciting newspaper contest ever conducted in this section of Pennsylvania. No information of any kind will be given out as the canvass progresses. The winners will be made known as soon as possible after the judges have finished their task. The official report of the judges will be published in Monday's issue of The Courier.

SEVEN STRAIGHT PUTS CLEVELAND INDIANS IN LEAD

Speaker, Gandil, Morton, Mitchell and Klopfer, Pitchers.

FACTORS THAT TURNED THE TIDE

Forest City Team May Not Hold First Place But Will Put Up a Strong Game During Season's The Boston Red Sox Have a Fine Pitching Staff.

By James Jerpe.

The Cleveland Indians, a displaced bunch of cellar champions last year, went East Sunday night leading the American League.

A reconstructed team with the great Speaker added, a pitching staff built on marvels like Morton, Mitchell and Klopfer has been the main cause of the team's formation from a demoralized loss to a winner.

The "Forest City" is wild over the climb of the Indians to the top.

George Stallage, in a talk with the writer, said:

"I believe that Cleveland will win in the American League. It will be a good thing for baseball and the American League. I have nothing but pity for Charles Somers, the man who furnished the news of war for the American League and stood complacently by and saw his Naps lose. Somers will enjoy a large share of credit for anything Cleveland does. He is a fine man and has been the victim of circumstances."

Last year's Indians came dancin' out near finishing in last place. But like the Braves of 1914, they spurred and crushed all opposition, until now they are in first place. In their Western trip they took four straight from the White Sox and three from the Tigers, making seven straight, but they lost the final game to the Jennings men.

This Speaker, in a letter to the writer, says:

"Cleveland looks good to me. They may not hold first place, since a club in the lead in May always has the hardest fight. But this team is much stronger, and, while the Boston Red Sox has a fine pitching staff, I believe that Cleveland, with Morton, Mitchell and Klopfer, will show great form this season."

Terry Turner is showing great form and Chick Gandil has plugged a big hole at first base. Gandil, like Speaker, is a timely hitter. The New York Giants showed better form by taking four straight from Pittsburgh. The Pirates then staged a Saturday massacre and walked the Braves.

Stallage figures that Nof and Allen are two added stars to his pitching staff. He says that in May, Edgar Collins and Wilkie he has the fastest outfield in years. Wilkie, who came from Venice, Cal., is hailed by the intracade as a star. Ed Konetchy, he says, is fast for a big man. Johnny Evers is about to prove heavier and playing his old-time game.

Rabbit Maranville is about the fastest shortstop in the business. His father, a New Bedford tinsmith, says

GLENNWOOD HERE TODAY.

Railroad Teams Will Play at South Connelville.

The Baltimore & Ohio baseball team will play the Glenwood yard baseball nine this afternoon on the grounds at South Connelville. The game will begin at 3 o'clock. The Glenwood nine is a fast aggregation and Connelville has been getting that shape for the contest.

As there are no league teams on this division scheduled for games on Decoration Day the Connelville team of the railroad will play the Baltimore team two games on that day. One game will be played in the morning and the other in the afternoon.

At the Theatres

SOISSON THEATRE.

"THE SUPREME SACRIFICE."—A feature picture that seems bound to win universal acclaim is "The Supreme Sacrifice," in which the World Film Corporation will present its popular star, Robert Warwick, at the Soisson Theatre today. This picture is an adaptation of the successful novel, "To Him That Hath," by Leroy Scott and was produced by the Promé Film Corporation under the personal supervision of Harley Knoles, who wrote the scenario. Mr. Warwick plays the role of a young author who sacrifices four years of his life by going to prison rather than betray to the world his knowledge of the guilt of his dead friend. The struggle he makes, after being given his freedom, to regain a footing in the world, provides many scenes of intense drama and heart interest. "The Beloved Liar," a big U three reel human interest drama, has the celebrated actor, Thomas Jefferson, in the leading role. A beautiful story of a composer and violinist, who lives with two little waifs. The waifs leave him and become famous in opera. Later they meet their old tutor who is in dire straits and relieve him from his misfortune. The favorite, King Baggot in the Imp comedy, "Ven With a Makeup." It is a delightful comedy with a very pretty love tale. Monday Jane Novak appears in the 19th episode of the political serial, "Graft."

THE GLOBE.

"THE HALF MILLION DOLLAR."—A live reel Metro attraction presenting Marguerite Snow and Hamilton Revelle, supported by well known photography stars, will be presented on Monday. The story of "The Half Million Dollar," is an unusually clever one brimful of mystery and romance. It is a powerful and vital document of New York life, from the luxurious mansion of the millionaire on Fifth avenue to the squalid homes in the slums of the lower East side. In this production Hamilton Revelle has a role particularly suited to his distinctive dramatic gifts. He has ever been the exponent of the adventurous and romantic, both upon the stage and in real life. Mr. Revelle was the leading man for many of the most prominent women stars of the stage and since joining the Metro staff has been in "An Enemy to Society," and "The Price of Malice." Tuesday Marie Doro will be featured in "Diplomacy," a five act Paramount attraction. In "Diplomacy" Miss Doro has a wonderful personal triumph, portraying her part with infinite skill. Friday Mary Pickford in "Poor Little Peppina." Saturday, "Beyond the Law," a three act Essanay drama presenting Marguerite Clayton and E. H. Calvert. "Earning His Salt," and "I Am Agrees With Sherman," a Ham comedy featuring Lillian and Dal, are the attractions today.

Facts Versus Fallacies

FACT is a real state of things. FALLACY is an apparently genuine but really illogical statement or argument.

THE following editorial from the New York Sun, has in it quite as much of wisdom as of wit:

"A NEWS dispatch from Topeka, published in The Sun a few days ago, gave some hint of the extremes to which 'Prohibition' will presently run in this country if the sanity of the people at large does not put an immediate curb upon it. It appears that the new State Civil Service Commissioners of Kansas have promulgated a set of rules under which users of cigarettes are to be barred from public employment as well as those who drink."

BY AN apt coincidence we received about the same time a letter signed "Herman Trent of the Anti-Saloon League," and dated from 148 Tenafly Road, Englewood, N. J.—apparently a real person—in which the following startling declaration occurred:

"SPEAKING now in my personal capacity, and not as a member of the Anti-Saloon League, I will say that I regard the anti-liquor crusade as merely the beginning of a much larger movement—a movement that will have as its watchword: 'Efficiency by Government.' If I had my way I would not only close up the saloons and the race tracks, I would close all tobacco shops, confectionery stores, delicatessen shops and other places where gastronomic devils are purveyed—all low theatres and bathing beaches. I would forbid the selling of gambling devices such as playing cards, dice, checkers and chess sets; I would forbid the holding of socialistic, anarchistic and atheistic meetings; I would abolish dancing; I would abolish the sale of tea and coffee, and I would forbid the making or sale of pastry, pie, cake and such like trash."

"TO THE ordinary man this may seem the mere raving of wild fanaticism. As a matter of fact everything Mr. Trent has listed has the advocacy of large groups of otherwise intelligent people, and all but one or two items have been included in prohibitory bills introduced in the Legislature of one or more States. Indeed, we can recall several favorite subjects of prohibition which Mr. Trent omits—probably because he didn't think of them—as, for instance, 'peck-a-boos' shirtwaists, abbreviated bathing dresses, novels of all sorts, but especially love stories; chewing gum, histopins, flowers at funerals, ditto at weddings, kissing, soda water and the presence of women on the streets unaccompanied by men after sundown in summer or 8 P. M. in winter. All these things have been proposed and advocated with more or less weighty arguments."

THAT Prohibition prohibits has been shown to be a FALLACY many times in these articles; but the lengths to which Prohibition, in its larger and broader meaning, seeks to interfere with the personal rights of the individual, is well illustrated by the FACTS as shown in the New York Sun editorial above quoted.

URGE RABBIT BREEDING

Need Bunny Skins for Leather in Germany, Also Oils and Fats.

By Associated Press.

BERLIN, May 20.—The Prussian ministry for agriculture, domains and forests has issued an appeal to all the agricultural associations and organizations in Sigmaringen urging that special attention be paid in the coming months to the breeding of tame rabbits, in order that as many skins as possible may be obtained for leather purposes, and that the fat of the little animals may be available.

Already in Berlin there has been established a "Company for Making Use of Skins, Inc.," to which anyone may send his bunny skins. The desirability of raising the animals in numbers is enhanced by the fact that they require little or no feed that human beings need, and yet can in part be fed with scraps that otherwise would go to waste. The appeal says that oils and fats obtainable from rabbits are already very scarce, probably will become more so, and will probably be short for a period long after the war.

MORE AUTOS THAN CASH

In Two Washington Co. Towns Than Elsewhere in State of Equal Size.

The borough of Beallsville and Seneca Hill, Washington county each having a population of about 700, have more autos in proportion to population than any other towns in the state.

The savings deposits of the inhabitants approximate half a million, having the largest per capita for any community in the commonwealth.

Amounts to \$500; New X-Ray Ma-
chine for Memorial Hospital Arrives.

Special to The Courier.
MOUNT PLEASANT, May 20.—The Mount Pleasant Fire Department last evening decided to join the Sons of Veterans and the G. A. R. in the Memorial Day services at the Grand Opera House on May 28 and to march in a body on Memorial Day, each fireman to wear a carnation. The president will appoint committees to arrange for a "Stay-At-Home" Fourth of July celebration and also something for amusement all of last week. The committee will meet next week with the department when plans will be laid for the affair.

The check for \$500 to pay Company E Tenth Regiment, for mobilization services, came yesterday and the men will be paid off at the armory today. The funeral services of D. B. King, who dropped dead at Tarr on Thursday afternoon, will be held at the Old Bethany home at 1 o'clock on Sunday afternoon and interment will be made in the Mount Lebanon cemetery.

The new X-Ray machine that the Memorial Hospital directors have purchased, arrived at the hospital and will be set up in a few days, when the local hospital will be equipped with one of the most up-to-date X-Ray machines made.

Mr. and Mrs. Dunn and Mr. and Mrs. Davis of Jeannette, met with the Protected Home Circle at their meeting on Thursday evening and asked the Mount Pleasant Protected Home Circle to join them in union picnic at Oakford Park on June 28. The Mount Pleasant Greensburg, Jeannette and Irwin circles will hold their picnic on this date.

Miss Margaret McIlwain of Scottsdale is the guest of Miss Helen Cort. Mrs. James Martin and daughter of Greensburg, are guests of Mrs. William Carr.

Miss Margaret Bovis of Smithton, is the guest of Miss Anna Kelly. The Mount Pleasant township high school held its graduation exercises at the township auditorium last evening. The St. Clair orchestra furnished the music. The high school chorus sang several good selections. David Kelly gave an oration, "The Average Man"; Sadie Pearl Lemmon had an essay, "Review of Pliny Passes"; Dr. George Docht, executive secretary of the state board of education, made an excellent address.

Mrs. Emma Vankin left today for a visit with Johnstown relatives and friends.

Brush Teeth Correctly
The right way to brush the teeth is to hold the bristles upright. In this way the crevices, as well as the surfaces are thoroughly cleaned, provided a few drops of hycolite in a glass of water are used.

Particles of food which invite germs and microbes get into the tiny crevices. Hycolite reaches every crevice, kills the germs and makes the mouth and breath sweet and clean.

You surely must use hycolite and avoid decay of teeth. Rinse and gargle with this very satisfying and effective mouth wash and you will escape throat troubles and other germ diseases.

Dentists are urging the use of hycolite because it is such a pure, safe and remarkably effective antiseptic. It cools and soothes, cleanses and heals and is very economical. Hycolite can be obtained from any druggist. General Laboratories, Madison, Wis.
